

ABPM Solution Partner Membership Information

Thank you for your interest in ABPM Solution Partner membership. **ABPM Solution Partners must be recommended by a current Primary or Associate (briefing professional) ABPM member** who has been a member for at least one year, has recently completed a project with your company in their briefing program, and has been pleased enough with the work that they would be willing to enthusiastically recommend your company to their fellow briefing professionals. **Due to time constraints, ABPM does not vet prospective Solution Partners during the six weeks prior to the Spring, European, or Fall Conferences.**

The first person to join from a Solution Partner company is the Solution Partner member and pays dues of \$2000 annually. All employees from that company who join thereafter are Solution Partner Associate members paying \$595 annually as long as the main Solution Partner Membership is kept in good standing. Member benefits are the same for both types of memberships. Memberships are assigned individually and can only be transferred if the member leaves their role.

ABPM Solution Partner membership benefits include:

- The status of being a recommended ABPM Solution Partner. ABPM Solution Partners must be enthusiastically recommended by current briefing professional ABPM members and maintain active involvement in the community. As a result, the membership considers Solution Partners to be vetted resources for their programs.
- Access and member discounts to the annual ABPM Spring Conference, European Conference, Fall Workshops, Regional Meetings, and virtual events. Vendors who are not approved ABPM Solution Partner member companies may not attend ABPM events.
- Opportunities for additional exposure at ABPM events and publications through ABPM's annual sponsorship program.
- Solution Partner profile: one public-facing page on ABPM.com that details the following information about each Solution Partner company: contact information and a direct link to the solution partner's web site, "Who We Are", "Services We Offer", and "Some of Our Clients".
- Access to the MyABPM App Community
- Access to www.abpm.com featuring:
 - A searchable ABPM membership online directory (member section only). Note: Solution Partners may use this information to contact members one-on-one via phone or individually customized emails. Blast emails are prohibited due to the one-on-one culture of the membership.
 - Free and discounted documents in the Resource Library including the "Characteristics of World Class Briefing Programs" white paper that details industry standards, the results of recent research, and a Processes & Tools section, and an archive of *Briefings* and *Briefly* newsletters.
 - Access to the ABPM Members-Only LinkedIn Group where members can post questions to fellow members on various briefing topics
 - Conference information and registration
 - News and Events information
 - Member Center Photos
 - Job postings section
- Access to the ABPM staff, at your service to help you with your questions and requests or help you find the people who can help you

If you have questions or wish to begin taking advantage of the many benefits of ABPM membership, email info@abpm.com.
